**HINOPAK MOTORS LIMITED
DIRECTORS' REVIEW
FOR THE HALF YEAR ENDED SEPTEMBER 30, 2011**

Greetings to the Shareholders!

In the first half of the Company's financial year 2011 (April to September) the sale of trucks of all makes in the country declined to 1316 units from 1693 in the first half of last year. The sale of buses also fell from 286 units to 202.

SALES

In line with the decline in the national market, the sale of Hinopak's trucks and buses fell to 620 units from 1130 units in the corresponding six months of last year with a market share of 41%.

SALES REVENUE

The sales revenue for the half year is Rs. 2.6 billion and gross profit Rs. 137 million. As a percentage of sales it declined from 7% to 5%.

FINANCE COST

The finance cost of Rs. 188 million includes a net exchange loss of Rs. 150 million mainly due to the appreciation of Japanese Yen against US dollar. The Company closed the first half of the financial year with a bank borrowing of Rs. 1.6 billion.

PROFIT & LOSS

The loss after tax rose to Rs. 258 million from Rs. 124 million of last year's first half and the loss per share increased to Rs. 20.77.

OUTLOOK FOR THE SECOND HALF

The sales generally tend to improve in the first quarter of calendar year. So, we expect, it would be this year. However margins are unlikely to improve because of growing competition from cheaper makes.

The Management is making every possible effort to keep the loss to the minimum by cutting costs and increasing sales.

**AUDITORS' REPORT TO THE MEMBERS
ON REVIEW OF INTERIM FINANCIAL INFORMATION**

Introduction

We have reviewed the accompanying condensed interim balance sheet of Hinopak Motors Limited as at September 30, 2011 and the related condensed interim profit and loss account, condensed interim cash flow statement and condensed interim statement of changes in equity together with the notes forming part thereof for the half year then ended (here-in-after referred to as the "interim financial information"). Management is responsible for the preparation and presentation of this interim financial information in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on this interim financial information based on our review. The figures of the condensed interim profit and loss account for the quarters ended September 30, 2011 and 2010 have not been reviewed, as we are required to review only the cumulative figures for the half year ended September 30, 2011.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information as of and for the half year ended September 30, 2011 is not prepared, in all material respects, in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting.

**NOTES TO AND FORMING PART OF THE CONDENSED INTERIM FINANCIAL INFORMATION
FOR THE HALF YEAR ENDED SEPTEMBER 30, 2011 - (UNAUDITED)**

1. GENERAL INFORMATION

Hinopak Motors Limited is incorporated in Pakistan as a public limited company and quoted on Karachi and Lahore stock exchanges. The Company's principal activity is the assembly and progressive manufacture and sale of Hino buses and trucks. The Company also sells buses and trucks in international market. The registered office of the Company is at D-2, S.I.T.E., Manghopir Road, Karachi.

The Company is a subsidiary of Hino Motors Limited Japan and the ultimate parent of the Company is Toyota Motors Corporation Japan.

This condensed interim financial information does not include all the information required for full financial statements and should be read in conjunction with the annual financial statements as at and for the year ended March 31, 2011.

This condensed interim financial information has been reviewed, not audited.

2. BASIS OF PREPARATION

This condensed interim financial information of the Company for the half year ended September 30, 2011 has been prepared in accordance with the requirements of the International Accounting Standard (IAS) 34, Interim Financial Reporting and provisions of and directives issued under the Companies Ordinance, 1984. In case where requirements differ, the provisions of or directives issued under the Companies Ordinance, 1984 have been followed.

3. ACCOUNTING POLICIES

The accounting policies are consistent with those of the annual financial statements for the year ended March 31, 2011.

Standards, interpretations and amendments to published approved accounting standards which have been effective in 2011

- IAS 24 (revised), 'Related party disclosures', the standard is mandatory for periods beginning on or after January 1, 2011. The revised standard clarifies and simplifies the definition of a related party and removes the requirement for government-related entities to disclose details of all transactions with the government and other government-related entities. The standard, however has no effect on this condensed interim financial information of the Company.
- 'Prepayments of a minimum funding requirement' (amendments to IFRIC 14). The amendments correct an unintended consequence of IFRIC 14, 'IAS 19 – The limit on a defined benefit asset, minimum funding requirements and their interaction'. Without the amendments, entities are not permitted to recognise as an asset some voluntary prepayments for minimum funding contributions. The amendments are effective for annual periods beginning January 1, 2011. The amendments should be applied retrospectively to the earliest comparative period presented. The amendment is expected to have no effect on this condensed interim financial information of the Company.

Standards, interpretations and amendments to published approved accounting standards that are not yet effective but relevant to the Company

- IAS 19 - Employee Benefits was amended in June 2011 which eliminated the corridor approach so as to recognise all actuarial gains and losses in other comprehensive income as they occur, to immediately recognise all past service costs and to replace interest cost and expected return on plan assets with a net interest amount that is calculated by applying the discount rate to the defined benefit liability / (asset).

The amendment is expected to affect the measurement and certain disclosure requirements in the annual financial statements of the Company. The amendment is effective for annual periods beginning January 1, 2013.

4. ACCOUNTING ESTIMATES AND FINANCIAL RISK MANAGEMENT

4.1 The preparation of this condensed interim financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing this condensed interim financial information, the significant judgements made by management in applying the Company's accounting policies and areas where assumptions and estimates are significant are the same as those applied to the financial statements as at and for the year ended March 31, 2011.

4.2 The Company's financial risk management objectives and policies are consistent with those disclosed in the financial statements as at and for the year ended March 31, 2011.
