Genuine Oil

## TRANSMISSION OIL SAE 85W-90, API GL-4

### Data Sheet

HIGH QUALITY MULTIGRADE TRANSMISSION OIL  
SPECIALLY DESIGNED AS PER HINO TECHNOLOGY

#### Application:

Suitable for intricately designed gear box and transmission of all Hino vehicles and other diesel engine vehicles.

#### Properties

- Multigrade
- High viscosity Index
- Excellent stability with operation.
- Excellent antifoam, anti corrosion, and antirust properties.
- Excellent compatibility with transmission / gearbox materials and seals.
- Suitable for heavy duty operations.

#### Customer Benefits:

##### Superior Quality

Hino Genuine transmission Oil is a superior quality multi grade oil made from high quality base oils and special additives.

##### Superior Protection

It reduces the friction between gears of the transmission and protects them from wear and rust.

##### Enhances

##### Transmission Life

Maintain gear teeth profile and protect against wears, Increase life of vehicle.

#### Characteristics

Hino Genuine Transmission Oil	Method	Units	SAE GRADE 85W-90
Density @ 15 °C	ASTM D4052	kg/m <sup>3</sup>	900
Density at 40 °C	ASTM D445	mm <sup>2</sup> /s	330
Density at 100 °C	ASTM D445	mm <sup>2</sup> /s	20.08
Viscosity Index	ASTM D2270	-	98
Pour Point	ASTM D97	°C	-12
Flash Point	ASTM D92	°C	>220

#### Important:

- Always lubricate your transmission with the Hino Genuine transmission Oil.
- Use of substandard oil can damage your vehicle in the long run as well as increases the periodic maintenance cost and down time of vehicle.

The lubricant, when used according to our recommendations and the purpose for which it is intended, presents no particular hazards.
