

HINOPAK MULTIPURPOSE GREASE

NLGI GRADE 3

LITHIUM BASE

1 kg

Net weight

HLG9884001

Wide Temperature Range

Lithium-based grease maintain their lubricating properties in both high and low temperature.

Water and Corrosion Resistance

Lithium-based greases are known for their water resistant properties.

Increase Roll Stability

Higher NLGI grades indicate thicker and more viscous greases, which can provide better roll stability.

HINOPAK MOTORS LIMITED

HINOPAK MULTIPURPOSE GREASE

A good multipurpose grease for chassis and wheel bearings. It is suitable for most automotive grease applications where specialized products such as EP Grease are not required.

APPLICATION

| | |
|---|---|
| All Industrial Vehicles | Most automotive grease applications including wheel bearings, ball joints, universal joints, linkages, industrial ball and roller bearing, plain bearing, needle bearing etc. |
| General Industrial and Household Application | General industrial and household applications where EP characteristics are not needed. |

CUSTOMER BENEFITS

| | |
|-----------------------------|--|
| Effective | Very good thermal, Oxidation, mechanical stability and resistance to water washout. |
| Superior Protection | Excellent anti-wear and anti-corrosion additives provides superior surface protection. |
| Enhanced Grease Life | Suitable for long term greasing. |

Precautions:

Avoid inhalation of oil mist, contact with skin and eyes. Always remove grease with soap and water or skin cleaning agent, never use organic solvent.

GREASE SPECIFICATION

| Description | Typical Values |
|----------------------------|---------------------|
| NLGI No. | 3 |
| Appearance | Homogeneous, Yellow |
| Texture | Smooth |
| Soap | Lithium Soap |
| Worked Penetration (0.1mm) | 220 - 250 |
| Dropping Point (°C) | Min 180 |
